Dear Mr. Weisberg:

This will acknowledge that your letters to Mr. Herbert S. Schlosser dated September 9 and 28 have been referred to the Law Department for response. We are looking into this matter and will respond after we have gathered the necessary facts.

At this time, however, we wish to assure you that Abby Mann is not an agent of NBC and that NBC News has not employed his services to prepare a news documentary on current theories regarding Dr. King's assassination.

Very truly yours,

Eleanor D. O'Hara
